WRITTEN & PERFORMED
BY JOHN MORELLO

Mental Health Anxiety Depression Drugs Loneliness Bullying

SEE THE SHOW YOUR STUDENTS WILL BE TALKING ABOUT...

Through his moving character study drawn from personal pain, actor and comedian John Morello gives voice to those who feel unheard and offers hope to those who feel alone. John does not preach or lecture; instead, through monologues and storytelling, he takes his audience on a one-hour journey. John's assembly is a vulnerable show with characters that defy stereotypes as they make sense out of tough lives. Much more than a motivational speaker and with over 30 years on the stage, John's gritty performance connects with audiences of all backgrounds and sparks honest conversations.
