- a. There was brief discussion about marijuana cafes (where you can consume on site). There has been no guidance from the state so the Board agreed to recommend to take no further action on marijuana cafes.
- b. There was brief discussion about Wildflower Drive. The PB would like the Town Manager to follow up with the bank (who owns the road) and to invite a bank representative to the July 18 PB meeting. There was also discussion about the developer, BelCo Construction, no longer owning the parcels, but they are considered to be in private ownership (owner is John Beltrandi) and therefore the homeowners association would be triggered.
